September 2024

Hello {%#if isNotEmpty(profile.\_worldvision.organizationName)%}  
{{profile.\_worldvision.organizationName}}{%else%}Friend{%/if%}!

September means "back to school" and so, in this edition, we are talking about all things "kids"! After all, our organizational vision is ... "Our vision for every child, life in all its

fullness. Our prayer for every heart, the will to make it so."

At World Vision, we help the most vulnerable children overcome poverty and experience fullness of life. We help children of all backgrounds, even in the most dangerous places, inspired by our Christian faith.

We know you care about kids as much as we do! We all long for a world where every child feels protected, cared for and empowered to become all God meant them to be. We hope this edition will inspire you to engage children in your community and to care for vulnerable children in tough places who also need our help.

**In this issue:**

- Meet 'Gibby the Goat'
- Learn how World Vision is supporting kids in the West Bank in Child-Friendly Spaces
- Utilize a Global 6K for Water event to connect with your local school
- Turn the tables on child sponsorship and give kids the power to choose
- Pray and take action against hunger with churches worldwide
- Participate in the Canadian Resilient Pastor survey

*"But Jesus said, "Leave the children alone, and do not forbid them to come to me; for the kingdom of heaven belongs to such as these."*

Matthew 19:14

### Meet Gibby the Goat!

In the fall of 2023, leaders at Saugeen Shores Community Church in Port Elgin, Ontario, were trying to find ways to help kids understand missions. Barb Provis, the Children's Ministry Leader, remembered that World Vision had animals that could be purchased through World Vision Canada's [Gift Catalogue](#).

Barb suggested they raise money for chickens, a cow, or a goat, and the goat won! The goat needed a name and 'Gibby the Goat' was born! Their initial goal was to reach \$100 by placing a piggy bank at their children's ministry sign-in desk. With every \$10 donated, Gibby would "eat" \$10 of grass on the bulletin board (see above photo).

The campaign for Gibby quickly shot past \$100 and the excitement began to catch on with the whole church family. By spring 2024, Saugeen Shores had enough money for seven goats, but now they set their goal even higher to 10 goats! One 10-year-old girl, Barb called a "little missionary", even took the children's ministry piggy bank and asked for donations as people entered the church and soon they raised enough to purchase 10 goats! The goats were gifted to families in Haiti and Nicaragua.

Barb said of this experience, "Our children witnessed giving to others and how we can all have a role in helping out. Thank you again for this opportunity to tangibly reach out, demonstrating God's love to others."

Would you like to engage your children's ministry in missions and raising money to lift families and boys & girls out of poverty? There are all kinds of animals available to purchase from the [World Vision Gift Catalogue](#) ... sheep, alpacas, piglets, even beehives! And yes, you can purchase your very own Gibby too!

### Child Friendly Spaces: How World Vision Supports Kids in the West Bank

Across the West Bank, children in many villages face a harsh reality with no safe places to play, meet friends, or simply enjoy moments of innocence. Since October 2023, the situation has only worsened. Schools are frequently closed, and the ever-present threat of violence looms large. With the escalating conflict, multiplying checkpoints, and growing economic hardships, many children have been confined to their homes, isolated from their peers. Cut off from their friends and familiar routines, these children carry a heavy burden of stress, anxiety, and trauma – wounds that can last a lifetime.

Recognizing this urgent need, World Vision made it a priority to create **safe spaces** for children and communities across the West Bank. In As-Sura, a small village in southern West Bank, the transformation began with a dedicated group of volunteers and the village council, who joined forces to rehabilitate the derelict community centre. Over the course of several weeks, they repainted walls, installed new bathrooms, and added water tanks to provide clean drinking water.
